

We value our community partners who share our commitment to educate students about the dangers of drugs, alcohol and other risky behaviors facing today's teenagers. Judge Arnoni and Mr. Killmeyer have previously presented to our students, as well as they have worked with our student leadership academies. Their perspectives and insight were well received by our students.

We appreciate the opportunity to work cooperatively with organizations and programs, like LEAD, that encourage our students to practice responsible behaviors and decision-making. These partnerships are crucial to ensuring that students are equipped to successfully navigate challenging situations.

Thank you Judge Arnoni and Mr. Killmeyer!

Dr. John Rozzo  
Superintendent  
Upper St. Clair School District
