

Dear Judge Arnoni,

It was a pleasure and an educational experience to sponsor and witness the LEAD presentation at Baldwin High School on April 11, 2019. The program is not only interesting, but provides a great amount of guidance to the students.

Leadership – Education – Accountability – Direction; the topics of guidance to young people as they continue their educational and life's journey, so that they may become responsible and productive individuals. Thank you for the presentation.

Best Wishes,
