Judge Arnoni and Mr. Killmeyer,

Thank you again for coming and presenting The LEAD Program to Northgate students. Part of what we are trying to do at Northgate is change the culture to be more responsive to student needs and engage them in ways that they find interesting, which we think you have helped us with by including us in your program. Our students were engaged and curious about the work you do and I believe this was because LEAD is a fantastic program, but also because you present this information in ways that students connect with. I cannot thank you enough for allowing Northgate to be a part of the work you do and I hope we can continue working together in the future.

Sincerely,

Zack Burns
