A Message From Judge Arnoni and Mr. Killmeyer

In court, Judge Arnoni sees how bad decisions and acting on impulses without thinking things through cause people to hurt themselves, their families and those around them.

In 2018, he saw an opportunity to teach thousands of students and their families important skills and provide them with the tools to make better decisions. These newfound life skills will allow those who listen to be more likely to experience success and get the results they want.

After months of long hours, late nights and partnering with National Youth Speaker Brad Killmeyer they created "LEAD".

"LEAD" stands for Leadership, Education, Accountability and Direction.

The program has received overwhelmingly positive feedback from top administrators, enthusiastic teachers, student leaders and loving parents.

These "LEAD" events are made possible because of our partnerships with local business owners, community leaders and passionate educators.

During the height of the pandemic, we quickly pivoted to providing live virtual assemblies along with a pre-recorded video to continue to support students and families.

Judge Ron Arnoni answers students' questions after the "LEAD" presentation.

Our team at Leadership Development looks forward to improving the quality of life for thousands of students and families in our region through education, awareness and leadership.

We welcome caring individuals and companies to join our "LEAD" family and form partnerships to inspire positive change in our communities.

Dr. Russo Superintendent at Upper St. Clair

“We appreciate the opportunity to work cooperatively with organizations and programs, like LEAD, that encourage our students to practice responsible behaviors and decision-making. These partnerships are crucial to ensuring that students are equipped to successfully navigate challenging situations.”

Debby L - Mom and Registered Nurse

“I feel Brad Killmeyer and Judge Arnoni did a wonderful job creating this useful and impactful LEAD Manual that educates on many problematic topics in our society today, provides interactive questions and presents real life scenarios.”

Frequent Feedback from Students

“I learned how to make better decisions and strategies to achieve my goals.”

“Drugs are in our school. The education and resources provided by LEAD are going to help a lot of students.”

“I learned how to keep myself safe online and prevent cyberbullying.”

Dr. Shannon Howard Assistant
Principal at Shaler Area Middle School

“We are very grateful that your sponsors invest in our children and community.”
